Dear Rosedene,

I'm writing this to you to see how everyone is doing! I hope you're doing okay. We're all missing you here at cherry tree and hope to see everyone soon. We do gardening sometime and the garden is really nice it has some amazing plants and we grow a lot of fruit and veg like potatoes, lettuce, tomatoes, cucumbers, strawberries, and corn! It was made by us students at cherry tree. Right now all our trees are going yellow and orange I love the colours! I find being in the garden is relaxing and nice. We hope to do more school fetes in the future like the previous ones where we done loads of fun stuff like raffle, games, rewards and more. It's really fun and we raised the money for charity! When it's sunny we go out and play games in the garden. Have you got a garden? We hope to see you soon!
